FreshAF

FOR LAUNDRY PROS

Your machines are standing. Fill them.

FreshAF sends paying laundry customers straight to your phone. You set your own prices, you choose your collection area, and you take only the loads you want.

You name the price

Set your own rates. What you quote is what you earn.

No cut of your money

We buy the job at your price and pay it in full. No commission, no platform fee, nothing deducted.

Free to join

No signup fee, no monthly fee, no contract, no lock-in.

What you get

You set your own prices
Per load, per kilo, per duvet — your rates, your rules. No app tells you what to earn.

Instant job alerts
New collections land on your phone the moment they come in.

Fill your dead hours
Turn quiet mornings and idle machines into paid loads.

Choose your area and radius
Collect only where it's worth your while. Set 5 km, 20 km or your whole town.

Accept or ignore, always
Machines already full? Ignore it. No penalties, no targets, no obligation.

Build your own name
Every rating you earn is yours — customers ask for you by name.
