8 How FreshAF works: please confirm

FreshAF buys each job from you at YOUR price. You set it, and FreshAF pays it in full. No commission or platform fee is deducted from you.
☐ Understood

FreshAF then sells the job to the customer at its own price, which includes FreshAF's margin. The customer sees one price only. What the customer pays does not change what you are paid.
☐ Understood

You are paid weekly, by the Wednesday following the week in which you completed the job, against your invoice or a self-billed statement.
☐ Understood

On cash jobs you collect the full amount as FreshAF's collection agent. You keep your own price; the balance belongs to FreshAF and is payable on demand. Your cash balance shows in the app, and at R300 owed you cannot take new jobs until you settle it.
☐ Understood

You work as an independent contractor, not as a FreshAF employee.
☐ Understood

Job offers arrive on your phone. You must accept them within the time limit or they go to someone else.
☐ Understood

Customers rate every job. Low ratings or no-shows can lead to suspension.
